Notice of a Public Meeting: Regulations Implementing Section 1417 of the Safe Drinking Water Act: Prohibition on Use of Lead Pipes, Solder and Flux

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of a public meeting.

SUMMARY: The U. S. Environmental Protection Agency (EPA) announces a public meeting and webinar to obtain input on potential revisions to regulations for the Prohibition on Use of Lead Pipes, Solder and Flux. The Safe Drinking Water Act (SDWA) prohibits the use or introduction into commerce of pipes, pipe or plumbing fittings or fixtures, solder and flux that are not lead free. These revisions are necessary due to SDWA amendments enacted by Congress in the Reduction of Lead in Drinking Water Act of 2011 and the Community Fire Safety Act of 2013.

DATES: The public meeting will be held on April 14, 2015 (1 p.m. to 4:30 p.m., eastern time). This meeting will also be simultaneously broadcast as a webinar, available on the Internet. Persons wishing to participate in the meeting or webinar must pre-register by April 7, 2015, as described in the **SUPPLEMENTARY INFORMATION** section.
